Addendum No.1

Request for Proposals

Exterior Digital Signage at the Greater Columbus Convention Center

The following questions were received by the Franklin County Convention Facilities Authority related to the February 20, 2025 Request for Proposals for Exterior Digital Signage Installation, Sales, and Management.

1) Is the exterior digital signage intended to be integrated with the Conventions Center's Ungerboeck (Momentus) CRM?

Integration with the Ungerboeck (Momentus) CRM is not mandatory.

2) Is the exterior digital signage intended to be integrated with the Conventions Center's current Content Management System and if yes, what is the current CMS being utilized?

Integration with the current CMS system is not mandatory although the proposer should demonstrate an ability to coordinate with the Greater Columbus Convention Center ("GCCC") for display of GCCC related materials on the exterior digital signage.

3) Has the Franklin County Convention Facilities Authority held any discussions with the Ohio Department of Transportation (ODOT) regarding the proposed installations?

No discussions with ODOT have occurred. The successful firm will be responsible for securing all required approvals. Should the proposed locations be incompatible with ODOT regulations, alternative installations will be considered.

Information contained within this Addendum No.1 modifies the original Request for Proposals Document and receipt of this Addendum No.1 should be indicated in each firm's submittal. Please be advised that the proposal submittal deadline of March 20, 2025 remains unchanged.
